BaliHouse STONE

Pebble Mosaic

Pebble Mosaic Tan Interlock – The photo shows four tiles put together to show that the interlock system does not show any joints, compared with the square tile. The tiles on the photo are without cement between the stones.

Combination of different stones and colors of pebble mosaic

Sample Bali Black pebble for garden in a outdoor stair.

Pebble Mosaic has thickness 10-13mm.

Size quadrate tile 30 x 30cm and interlock tile 31.5 x 31.5cm.

Weight aprox. 20 kg/sqm. 1 sqm—11 tiles.

Combination of pebble(Bali Black pebble) mosaic and parquet mosaic on a kitchen wall.

Combination of pebble mosaic and marble tiles in a bathroom.
